ABOUT US

Rajendra Traders was Established By Late Shri Narsidas Jethadas Savani in the year 1975. At that time few hardware goods along with nut bolts and machinery parts were sold locally in the town known as Rajkot.

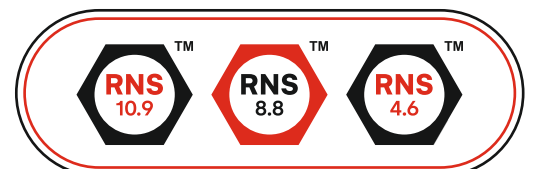

Today, with the joint efforts of Rajendra Savani and His Team, Rajendra Traders has made a remarkable achievement in four different product areas such as FASTENERS, BEARINGS, HAND TOOLS and PIPE FITTINGS, where no one can beat the quality ,service and the affordability of price offered by them.

At Rajendra Traders, Fasteners are sold which are approved by International Standards such as . DIN, ASTM, ISO, IS & BS etc. Our firm employs more than 15 people who are professionally trained by our experienced staff. Most of Our employees are with us since 25 years which plays a key role in building a strong foundation to our company today.

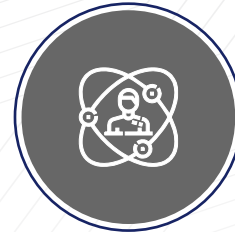

The Product sold by the company is used in each and every field such as Agriculture, Automobiles, pumps and Valves, Machine tools, Construction and Chemical Equipment's, and many others.

With the time being, Mr Savani also Started his **Own Manufacturing Plant** of Fasteners in Rajkot named as **RAJENDRA FASTENERS** in 2023. At Rajendra Fasteners, High Tensile, MS and Stainless Steel special size hex bolts are made and sold with the registered brand name called RNS. Its Production capacity is 100 MT per month, which is aimed at 20 MT per day within few years.

WHY CHOOSE RAJENDRA TRADERS?

45+ Years of
Dealing Experience

Guaranteed on time
Delivery Services

Always Low
